

BEKEY PROVIDES A DIGITAL KEY

*...for professionals who need access to apartment blocks and residence
BEKEY provides access more than five million times each year in...*

A cloud-based key management solution – for professionals

BEKEY unlocks doors and key box via a smartphone or tablet, where BEKEY SmartHardware is installed.

THE NEW GENERATION OF BEKEY KEY BOX SOLUTION

- Very powerful design
- Easy to install
- Safe storage of cards and keys
- Operated By Netkey our cloud-based software solution that handles solution management.

PROCESS OPTIMISATION

Avoid the hassle of physical keys, burdensome administration and extra time spend on hand-overs. Create and revoke digital access instantly from a browser.

USER-FRIENDLY

Easy-to-use digital tools enable the entire process – from ordering fitting and installing Smart Hardware to opening doors with the BEKEY App.

FOR BETTER SAFETY AND SECURITY

No unauthorized copies or lost keys. Digital keys are temporary. Door access is logged at user level.
